## Food concentrates

Our company would like to recommend You the food concentrates and liquid spices produced on the basis of natural extracts. These are not 'chemicals', but carefully selected tastes and aromas of natural food.

The 'Magus' we present to You, has many variations, yet its basic type, 3H, is akin to traditional spice called 'maga'. Pickling salt works great for homely products, and smoked salt will make smoking process easier, thanks to the natural smoke aroma it contains.

MAGUS 2M	A liquid spice, 'Maggi' type, with a mushroom aftertaste.
MAGUS 3H	A traditional liquid spice, 'Maggi' type.
MAGUS 3H SMOKED	A liquid spice with smoking aroma, 'Magii' type.
MUSHROOM AROMA 'BOLETUS'	A highly concentrated aroma of boletus mushroom.
BUTTER AROMA	Highlights the taste of butter in products containing it.
PICKLING SALT 'Salt-Pick'	Perfect for all meat types.
PICKLING SALT 'Wędzonka'	Very handy and useful for highlighting the taste of smoked products.
KOLORMIT	A natural extract of red paprika.
