

Homogeneous spice mixes and mixes of herbs and spices

Melanko composes spice mixes based on the natural spices and natural spices extracts for more than 20 years. All mixes presented below are available in our offer, yet we still compose new mixes, according to individual suggestions of our Clients. We can prepare any mix You are looking for!

Homogeneous spices – we can offer homogeneous spices with high palatability and wonderful aromas. Among spices and herbs we use are: *white pepper, black pepper, juniper berry, rosemary, marjoram, thyme, sweet paprika, hot paprika, curry, mace, ground garlic, caraway seed*, and many others. We search only for the high quality products with the deepest aromas.

Spice mixes on the basis of natural spices and herbs and their extracts

VEGA I – an universal spice topping for dishes; highlights their taste and aroma. With a salty and vegetable bouquet. We can also offer a variation without monosodium glutamate (non-E621).

VEGA II – an universal spice topping for dishes. As compared with VEGA I, it contains more dried vegetables. Available without monosodium glutamate (non-E621).

ONION – characteristic, a bit salty, with the dominant taste and aroma of onion.

ONION STRONG – a bit salty with very clear and intense onion taste and aroma.

MUSHROOM – spice mix with a mild, mushroom taste. Escalates up to burning.

MUSHROOM STRONG – intense, escalating mushroom aroma.

HOMELY – very pleasant, herbal and spicy; a bit salty.

GARLIC – with a typical aroma of garlic; a bit salty

BEERY – quite interesting, 'warming up' taste; a bit salty, with a clear note of mushrooms and paprika.

EXTRA BEERY – an unique mix of herbs and spices, with a spicy and garlic aroma, and a taste that escalates up to burning.

PEPPER&GARLIC – characteristic mix with garlic and pepper extracts; burning.

PROWENCAL – typical mix of Provence herbs with an ethereal note.

MADRAS CURRY – regarded as one of the best curry type mixes in the world.
Has an extraordinary aroma and is composed of high quality ingredients.
